Nordic Tug 34

Cruising Confidence

Superior speed, stability and fuel efficiency – all wrapped up in classic style.

The indomitable Nordic Tug 34 represents over three decades of unrelenting refinement.

Her superior craftsmanship and rugged construction standards – for which Nordic Tugs is famous, is apparent from the moment you step on-board.

The Nordic Tug 34 is available in flybridge or traditional wheelhouse models.

A fine-entry bow makes for a quiet ride in choppy seas.

A heavy-duty stainless steel shoe protects running gear.

- 1 The salon is open to the pilothouse forward and has access to aft cockpit via the water-tight aft cockpit door.
- 2 The I-shaped galley is well equipped and will appeal to the cruising chef.
- 3 The Nordic Tug 34 features a ship-style pilothouse with 360° views, chart table and twin bench seats, plus convenient deck access directly from both sides.
- 4 Her classic ship-style helm features beautiful woodwork and traditional ship's wheel.
- 5 The comfortable forward stateroom features a full-width island berth and generous storage.
- 6 The optional chariot-style flybridge provides excellent visibility for those who prefer to pilot out-of-doors.
